NEWS OF THE WORLD.

The President's Return to Washington.

PENSION BUREAU REPORT.

Parnell's Land Bill—Berlin Gossip—The French Faster, Succi—Railroad Wreck.

[Special to the Herald by the Associated Press]

ALBANY, September 22.—President Cleveland and party arrived here by special car this morning to meet Secretary Manning. The President and Secretary were in private conversation in Mr. Manning's office for about an hour. Secretary Manning will return to Washington in about a fortnight, but whether to remain or close up affairs in his department is not known. He was in good spirits this morning and, barring a limp in his gait, apparently is in his normal state of health. It is not believed here, however, that he will remain in the department for any length of time.

JERSEY CITY, September 22.—President and Mrs. Cleveland and party arrived here at 3:15 P. M., in the private car of President Olypoint, of the Delaware and Hudson River Railroad and Canal Company. No one left the car while it remained in the Pennsylvania railroad depot. Comparatively few people were aware of the arrival of the party. The President was engrossed with his mail and newspapers, while Mrs. Cleveland appeared to be interested in the usual depot sights At 3:45 P. M. the car was attached to the limited Washington express and left for the capital.

HOME AGAIN.

WASHINGTON, September 22.—The President and his wife, accompanied by Mrs. Folsom and Colonel and Mrs. Lamont, returned to Washington to-night at 9 o'clock. Quite a crowd of men, women and children had assembled to see the Presidential party. They were driven at once to the White House. Postmaster General and Mrs. Vilas met the party at the executive mansion, and remained chatting with the President and Mrs. Cleveland for an hour. The President is slightly sunburned and looks in excellent health.

Report of the Pension Bureau.

WASHINGTON, September 22.—Commissioner of Pensons Black has filed with the Secretary of the Interior his report of the operations of the Pension Bureau for the fiscal year ended June 30, 1886. From the report it appears that on June 10th last there were 365,783 pensioners on the rolls, composed of 285,854 army invalids, 80,162 army widows, minor children and dependent relatives, 2955 navy invalids, 1877 navy widows, minor children, etc., and 1539 survivors of the war of 1812, showing a loss during the year of 1406 of this class. The amount paid for pensions during the year was $63,707,831.61, the difference in the amount paid and the annual value representing accrued and arrearage pensions paid during the year. One hundred and sixty thousand, four hundred and sixteen certificates of all kinds, including 79,988 increase certificates issued to widows and dependants under the act of March, 1886, were issued during the past year, which, the report says, shows a vast increase of the work of the office. This is especially true of the special examination division, which, the Commissioner says, has saved the Government over $3,000,000. The amount of expenditures for stationery, printing and binding has been diminished by $13,683 for the past year. Of the appropriations provided for the expenses of the office, $395,962 has been covered back into the treasury. The clerical force during the year was diminished by 100.

Berlin Gossip.

BERLIN, September 22.—Ratifications of the commercial treaty between Germany and Spain were exchanged at Madrid on the 21st instant. The Conservatives are jubilant, and claim that Bismarck foresaw the revolution in Spain and hastened the meeting of the Reichstag in order to insure a promulgation of the treaty before a change should be made in the Spanish government.

United States Minister Pendleton and daughter sail Saturday.

The German Iron Founders' Association have declared against the participation of Germany in the exhibition at Paris in 1889.

Succi, the Faster Challenged.

PARIS, September 22.—A committee of Parisian doctors has challenged Succi to fast forty days in a French hospital for a stake of 5000 francs, on condition that he reveal the secret of his elixir, for which a patent is guaranteed.

A Terrible Wreck.

KANSAS CITY, September 22.—Two freight trains on the Missouri Pacific road collided this morning thirty miles past this city. The two trains met on a curve and both were ditched. George Combes and John Light, of Sedalia, engineers of the trains, were both killed and the two firemen were injured. The wreck took fire and about ten cars were burned with their contents. Seven were loaded with hogs, cattle and sheep, which were burned and maimed, and many of the carcasses were burned. Passenger trains were delayed several hours.

ANOTHER CALIFORNIA WINNER.

GRAVESEND, L. I., September 22.—At the Coney Island Jockey Club meeting to-day the Parville handicap stakes, one and one-eighth miles, was captured by the California colt, King of Norfolk; time, 1:55¼.

A Compliment to American Consuls.

WASHINGTON, September 22.—Secretary Bayard has sent a letter to all Consular officers of the United States enclosing a circular of instruction from the British Foreign Office to Consuls of that Government in which the excellence of the commercial news reports made by American Consuls is referred to, a quality, it is asserted, due to the fact that most American Consuls are practical business men. The British circular urges its agents to be more zealous in collecting and prompt in transmitting news which may be availed of by British merchants to extend their trade, and urges upon them the fact that competition is sharper then ever before. In referring to this circular Secretary Bayard urges Consuls not to relax their vigilance in the presentation of trade news promptly and fully.

A Mammoth Foreign Railway Scheme.

PARIS, September 22.—A syndicate of Paris and Berlin bankers has subscribed 600,000,000 francs to carry out the scheme sanctioned by the Sultan, for a network of railways to connect the Black sea with the Persian gulf, under the direction of the Austrian engineer, Pressel.

THE LAND BILL MUDDLE.

The Contest to be Transferred to Irish Soil.

NEW YORK, September 22.—Thomas Power O'Connor's London cablegram to the *Star* says: After the developments of Tuesday in the House of Commons the Nationalists think it would be time wasted to continue the struggle in Westminster. The contest will be transferred to Irish soil where it will be continued with renewed vigor, but constitutionally as before. The Nationalists are aware of the importance of suffering nothing to be done that may tend to alienate the sympathy of the liberal masses in England, Scotland and Wales. The removal of the scene of action from Westminster to Ireland will therefore be unattended by acts of violence. Tenants, however, are now thrown on their own resources, and have nothing to hope for from remedial legislation as long as Gladstone is kept out of office. The English Liberal and independent press, including many organs that sided with the Unionists during the late general election, have turned completely around, and now vigorously advocate concessions by the Government similar to those that form the basis of Parnell's bill. A turn of the tide in public opinion since Gladstone's speech for the new proposals is unquestionable. Popular reaction in favor of the suspension of evictions has undoubtedly set in. It was too late, however, to save the bill.

The Minnesota Republican Platform.

ST. PAUL, September 22.—The Republican convention to-day adopted resolutions of which the following is the substance. In behalf of the farmers, the warehouse and railroad law should be amended to secure an open and free market for products of the soil. Railroads, when it can be legally done, should be restrained from holding free lands, except for taxations; the reduction of interest to 8 per cent. and the enforcement of the usury law and the building of a soldiers' home. It endorses the resolution passed at the Grand Army encampment in San Francisco, favoring pensions to disabled soldiers; that the Republican party pledges itself to secure a law prohibiting the further use of watered stock, favors legislation to renew the free coinage of silver, favors a revision of the tariff so that taxation on the necessaries of life may be reduced and is strong for civil service reform.

McGill was nominated for Governor on the fourth ballot.

For Lieutenant-Governor A. E. Rice's nomination was made unanimous.

Honor to General Miles.

SAN FRANCISCO, September 22.—A special to the *Examiner* from Albuquerque, New Mexico, says: As a mark of their high appreciation of the valuable work done by General Miles and his officers, by ridding the Territory of the murderous bands of hostile savages, the citizens of Albuquerque have made arrangements to give a grand banquet to the General and his staff on Monday evening next, when all prominent citizens and federal officers of this Territory and Arizona will be present. This banquet is intended not only as a fitting tribute to the soldier who did so much for this section of the country, but also to furnish our prominent public citizens an opportunity to become acquainted with him.

Secretary Manning's Foul Quarters.

WASHINGTON, September 22.—Workmen engaged to-day in tearing the plumbing out of Secretary Manning's private office found in a little closet in a corner a pipe four inches in diameter, besides several smaller pipes leading directly to the sewer without any trap or contrivance to prevent the sewer gas from coming into the room. These pipes strike the sewer just at its head where the greatest amount of gas is found. In winter, when the doors and windows were shut, the air was most oppressive and sometimes in the coldest weather Mr. Manning was forced to open the window. His physicians pronounce his disease blood poison from sewer gas, brought on beyond a doubt by his sitting in that little room.

Important Sale of Blooded Horses.

NEW YORK, September 22.—Within the next week racing men and owners of large stud farms will be busily engaged adding new stock to their establishments. Three large and important sales are to be held in this vicinity. One is the sale of the entire racing stud of Commodore Kittson, one a weeding-out sale of Dwyer Brothers' large stables, and the most important is the sale of the entire stable of Pierre Lorillard. The latter will be the largest sale of its kind ever held in this country. The sale of Dwyer Brothers is the first on the list, when seventeen colts and fillies will be brought to the hammer.

Sleeping Car Porters Organize.

ST. LOUIS, September 22.—About fifty sleeping car porters from the Baltimore and Ohio, New York Central and Pullman Palace Car Companies met yesterday for the purpose of forming an organization for mutual aid and protection. The meeting resolved itself into a permanent organization under the name of the Sleeping Car Porters' Association and decided to hold a mass convention of 500 porters in this city this evening and draw up a petition asking for better pay, claiming they cannot maintain their families on the small allowance of $10 to $15 per month.

Colonel Redick McKee Dead.

SAN FRANCISCO, September 22.—Col. Redick McKee, formerly of this State and at one time Indian Agent here, died on the 14th of this month at Berkeley Springs, West Virginia, at the age of 86. Deceased was the father of John McKee, of the banking house of Tallant & Co., this city, and of David R. McKee, agent of the Associated Press at Washington, D. C.

The Immigration Society.

SAN FRANCISCO, September 22.—At to-day's meeting of the executive committee of the Immigration Society it was decided to have 20,000 more maps of California printed for distribution. The officers of the society are now engaged in doing up packages of shelled grains to distribute among the farmers of Ohio as specimens of what can be raised in California.

The Supreme Court.

SAN FRANCISCO, September 22.—The next term of the Supreme Court will open at Los Angeles on the 13th of October. The first order of business is the examination of applicants for admission to practice and motions in criminal cases.

Assembly District No. 1.

YREKA, Cal., September 22.—The Republicans of Assembly District No. 1, Del Norte and Siskyou, have nominated R. H. Campbell, of Etna, this county, for Assemblyman.

More Precincts.

The good people of East Los Angeles are clamoring for two voting precincts and are certainly entitled to such conveniences. The population along the east side of the river including Highland View and all the inhabitants out to the Three Mile House is very large and the present precincts are totally inadequate to their wants, and too far away besides. At least two precincts are needed for the next election. Since the above was in type the Supervisors have made one precinct for East Los Angeles.

Opening of the Knight's Conclave.

THE SOVEREIGN GRAND LODGE.

State Political Notes—A Shocking Suicide—The Stockton Fair The Hayes Murder.

[Special to the Herald by the Associated Press]

ST. LOUIS, September 22.—The Knights Templar Grand Encampment met this morning at 11 o'clock. There was some delay in getting to work, and the session extended into the afternoon. The time was consumed with the consideration of reports submitted yesterday.

ST. LOUIS, MO., September 22.—It lacked but fifteen minutes of noon when the signal for the Conclave drill to begin was sounded, and the Demalay Commandery, of Louisville, marched to the parade grounds, greeted by the most enthusiastic applause of from fifteen to twenty thousand people, who had crowded all accessible and some apparently inaccessible points of observation. The parade ground had been trodden into a field of mud, rendering the performance of the various evolutions slow, difficult and tiresome. However, the tactics were closely followed, and notable figures and movements were greeted with liberal applause. Following the Demalay's retirement, Zion No. 2, of Minneapolis, took the ground, making an excellent impression. On its approach, notwithstanding the disadvantage under which they were placed, the members of Zion elicited loud and frequent applause by their superb drilling. To the tune of "Old Kentucky Home," Louisville Commandery then marched upon the field, making a most favorable impression. The scene at 1 o'clock was most brilliant. The weather was perfect. A good breeze was stirring, the sun was shining brightly, and the conditions were in every way favorable to a full and most complete enjoyment of the occasion. The stands and every available spot in seeing distance of the parade grounds were packed with spectators, the knightly uniforms and brilliant colors of the ladies uniting to make the picture the most beautiful and imposing.

KNIGHTS OF THE MYSTIC SHRINE.

ST. LOUIS, September 22.—Two thousand members of the Ancient Order of Knights of the Mystic Shrine, one of the highest orders in Masonry, are in attendance upon the Knight's Templar Conclave. The order is of Arabic origin, and as the Arabic year ended to-night at 12 o'clock initiatory services at that hour partook of unusual interest. Two hundred candidates, mostly from this city, were initiated. The elaborate costumes, rich jewels, mystic emblems and rites rendered the services most impressive. Previous to the ceremonies, the Shriners, as they call themselves, formed in a procession at the Southern hotel and paraded the principal down town streets, each temple being accompanied by a band. The costumes and uniforms were of many varieties, the only articles worn in common being red fez. The commandery drills lasted until nearly 4 o'clock. At 2 o'clock leader Gilmore began mustering the various bands of music which were to participate in the grand concert, but it was after 3:30 before they began to march to the stand. They were arranged so that the different kinds of instruments were brought together and the crazy quilt appearance of the intermingled uniforms was decidedly unique.

After the conclusion of the programme of twelve numbers there was a great crush at the exits, and the facilities for reaching the heart of the city were taxed to their utmost, and it was some hours before the grounds were cleared. During the afternoon the weather became extremely close and hot. Six people were overcome by the heat, but in no case are serious results anticipated.

To-night the second illumination of the city occurred, continuing from 8 o'clock until midnight. Flambeau Battalion gave a parade and exhibition on the most prominent streets of the West E d. Ivanhoe Commandery of St. Louis held a formal reception, which was largely attended and proved a brilliant affair, while all local and visiting Commanderies kept open house. To-morrow's grand parade will follow the plans made for the parade interrupted Tuesday. To-morrow night will occur the Trades' procession and another parade of the Flambeau Club. This afternoon a notable reception was given by Oakland Commandery of California, at which thousands of callers were entertained in the most magnificent style.

The Sovereign Grand Lodge.

BOSTON, September 22.—The Sovereign Grand Lodge, I. O. O. F., was called to order by Deputy Grand Sire White at 9 o'clock this morning and opened in regular form. A large amount of business was presented which was referred to the standing committees. A number of appeals were passed upon or laid over until to morrow. The Grand Lodge then adjourned until 9 o'clock to-morrow morning.

San Francisco's Municipal Convention.

SAN FRANCISCO, September 22.—The Republican Municipal Convention this evening nominated William T. Garrett for Mayor, and a full Board of School Directors.

EMPHATIC OPPOSITION TO DYNAMITERS AND PARTY REPRESENTATIVES.

SAN FRANCISCO, September 22.—The Anti-Chinese Non-Partisan Convention met again to-day. The adoption of the report of the Committee on Credentials consumed the greater part of the morning session. Members of the Anti-Chinese Central Legion of San Francisco, which Weissman, the dynamiter, represented as one of the delegates, were refused seats in the Convention, the Convention expressing emphatic opposition to dynamiters and their measures. Representatives of the National Greenback-Labor party were also refused seats on the ground that they represented a political party. Committees on Platform and Resolutions and Permanent Organization and Order of Business were then appointed. The following resolution was introduced:

Resolved, That the Anti-Chinese Non-Partisan Convention has been called at this time in the interest of and for the purpose of advancing the boycott against Chinese labor. That the rumors which have gone abroad that its purpose is to enter the political arena and nominate a third State ticket are unfounded. Moreover, it is the sense of this Convention that any effort to have it nominate a third State ticket should be discountenanced as against good policy and subversive of the objects for which the Anti-Chinese Non-Partisan Association was formed.

Nevada County Republicans.

NEVADA, Cal., September 22.—The Republican Convention to-day nominated A. Walrath, Senator.

A Frightful Suicide.

PORTLAND, Ogn., September 22.—A shocking suicide occurred last night at St. Vincent's Hospital. John Chisnall, a longshoreman aged 30, was taken there crazy with liquor. Contrary to custom he was not searched. An opiate was given him and he quieted down. Suddenly he rose, opened his trousers, and with a large jack knife which he carried slashed himself across the abdomen crosswise and lengthwise, literally disemboweling himself. He died early this morning.

THE STOCKTON FAIR.

A California Two-Year-Old Beats the World.

STOCKTON, September 22.—At the fair to-day the unfinished race between Voucher and Valentine was won by the former; time, 2:31½. In the second race, mile dash, there were seven starters, C. A. Todd winning the heat in 1:41½, the best time on record for a two-year-old; John A. second, Leda third. The stallion trot was won by Mount Vernon, who took the first, second and fourth heats, Adrian winning the third; time, 2:27½, 2:28, 2:26½, 2:30.

The Hayes Murder.

LEMOORE, Cal., September 22.—The verdict of the Coroner's Jury in the murder of Hayes was returned last night at 12 o'clock. It was that C. S. Hayes came to his death from gunshot wounds at the hands of Henry Beaver.

CHARGED WITH MURDER.

The Coroner's Jury in the case of C. S. Hayes, who was killed at Lemoore Sunday evening, brought in a verdict charging one Henry Beaver with murder. It appears that Beaver, who is a young man about 19 years of age, residing at Lemoore, was the rejected suitor of Miss Lulu Smith, and that she was engaged to Mr. Hayes. Circumstantial evidence is strong tending to show that Beaver, through motives of jealousy, did the shooting. There is great excitement over the affair, as Hayes was highly esteemed. Beaver was taken this morning to Visalia and committed to jail. His examination is set for October 4th.

FINANCE AND TRADE.

Government Bonds and Railway Shares.

NEW YORK, September 22.—Government bonds were dull and heavy to-day. Stocks were unusually active and excited, and at times feverish. It was the most active day so far for the year. The market gives every indication that the outside public came largely into speculations and both buying and selling comes from every direction. Coal stocks were the great feature to-day, and Reading resumed first place. The sales of that stock alone was equal to an average day's business three weeks ago. The Street was favorably affected by the announcement that Pensylvania was now in accord with the management and London houses which have been selling for the past day or two became heavy buyers. It advanced 2 per cent beyond the highest point attained previous to to-day —only a small portion of which was lost toward the close. Other coal stocks were remarkably active and strong, all reaching the best prices of the season The opening was firm to strong at advances ranging from ½ to ¾ per cent, but Pacific Mail was down ¾ per cent Trading was active in early dealings, but the market was feverish and irregular, with the general drift toward lower prices. Toward 12 o'clock, however, buying in Reading began, the sales being $60,000 shares. This advance stimulated the rest of the market and gains were made over the whole list, but later in the afternoon heavy realizations carried prices back to the neighborhood of opening figures. There was some little improvement in the last hour, the market closing barely firm. The day's business foots up 680,618 shares. The leading in Reading reached 176,200 shares. Lackawanna came nearest to it, with 616,100, and Erie next, with 54,220 shares.

LETTERS FROM THE PEOPLE.

[The tenor of Communications appearing in this column is not necessarily endorsed by the editor of the HERALD. The writer who desires to be heard in it should always accompany his screed with his full name, not necessarily for publication, but as a guarantee of good faith.]

The Democratic Nominees.

EDITOR HERALD:—The great problem of who will be our candidates for State officers and who will be delegate from this district in Congress is no longer a mystery. The question is settled. Our State Convention has performed its duties well, putting to the front the best men in the State and district, thereby carrying out the one great principle of Democracy—that the people are the government.

Our success is almost a certainty, and in fact is positive, if each and every Democrat does his duty. It is the duty of every man to put himself in proper shape to vote by having his name enrolled in the Great Register, then to work for our ticket. One important feature to be borne in mind is that one and all say amen to the selections made by the convention. Harmony prevails, proving to us that we have the strongest ticket in the field, then let us get right down to business—a complete Democratic victory will be the result. There are a great many young men who will cast their first vote at this election. To those I would say a few words, perhaps they are not quite positive which party to support. I believe I can answer the question satisfactorily. You will support the Democratic nominees, and work with that party, because you believe in an honest government, that it should be in the hands of the people, and not the implements or tools of a ring to be nosed about by *bosses*. We then want men of honor, of stability when we put them into office to perform certain duties we give them power of attorney, as it were, to act directly for us, and we want to be sure that our confidence is not going to be abused. You also believe that it is right that the right of suffrage be and is extended to all classes of men. You are opposed to the Chinese and in favor of the abrogation of the Burlingame treaty. Why? Because the presence of the Chinese in this country is degrading to society and to our labor interests. All these are Democratic principles. Another word to the young voters. The Republican party have invented all kinds of schemes to capture you and get your vote. For instance: The Young Men's Republican Club, who parade the streets on the least provocation, in what they call "full uniform"—a pair of knee-breeches and their mamma's stockings. Who are they, anyway? We notice that Col. ——; Col. ——, Col. ——, Col. ——, etc., are at the head of the institution, and not a single private in the ranks. It is very amusing; in fact, ridiculously so, to note the fact that all a man has to do to be a full fledged Colonel is to cast his lot with the Republican party. Don't, for God's sake, be led astray by the glitter of a few brass buttons and the desire to gain an unworthy title. Reason tells us that we cannot all be commissioned officers. There must be some privates in the ranks to make an army.

Taking in view the fact that the people all over the entire length and breadth of this great State endorse our nominees for the respective offices which it is proposed they shall fill, it is right for us to assume that our ticket is the strongest. Our champions are at the head of the ranks, and what we want to do is to support and elect them. There are men enough in this State of California—loyal voters, who love right, who admire the principles of our party—to elect the entire State, Congressional and county ticket. Then don't let party spite or personal prejudice hinder anyone from doing his duty. A thing that is worth doing at all is worth doing well—a maxim that applies at the ballot-box as well as to any other duty we have to perform. Let every man, then, next November, walk right up to the polls and vote the Democratic ticket, and vote it straight up.

GOPHER.

The nomination of Joseph D. Lynch for Congressman from this District, proves to be a most popular one. He has been one of the best friends of Southern California and has done more than any other one man to build up Los Angeles, Ventura, Santa Barbara and San Diego counties, and though a Democrat, has the friendship and esteem of the better-class of people wherever he is known. He will certainly be elected. —[Fresno Expositor.

Temporary Retirement.

During the current canvass Mr. Joseph D. Lynch, the Democratic nominee for Congress, in the Sixth District, will surrender the editorial supervision of the HERALD.

THE nomination of Hon. J. Marion Brooks, of Ventura, to the Legislature was a proper recognition of official worth. Mr. Brooks made a good legislator, and should be returned again, as he doubtless will be by his constituents. He is the candidate for the joint Assembly District formed by Ventura and Kern counties.

THE *California Demokrat*, of San Francisco, the leading paper of the German race in the State, has editorially announced a political change of heart, from a Republican to a Democratic base of operation. This will change many thousands of votes. Besides the Germans in the State will nearly all vote the Democratic ticket.

THE magnificent new press on which the HERALD is to be hereafter printed is at length, after many difficulties, in perfect running order. The paper has been printed on it yesterday and again to-day. It is most earnestly hoped that the new paper, eight pages, will appear early next week. Indeed, so kind are the very numerous friends of the HERALD that the chances now favor the need of a ten-page edition to accommodate the continually growing business of this journal. The long delay in getting the press in order has been a sore trial on account of the great stress laid on our advertising columns, as also in the steadily and rapidly increasing circulation of the favorite newspaper of Southern California.

THE landlords of Ireland, who, by the way, are hardly ever Irishmen, but for the most part non-residents, made for the thousandth time a mistake in not advocating and accepting Parnell's bill. That policy, first formulated by the King of France before the Revolution—"after me the deluge"—generally precipitates the flood and overwhelms the heartless inventors of the principle. The Irish tenure of land is very different from that obtaining in America, and this is why so many misunderstand the attitude of Ireland's friends. As surely as destruction always overtakes glaring and long-continued wrong, there will come a day of settlement for these Irish "Laissez faire" statesmen and their English allies. The longer the stream is choked the more disastrous is the flood that "follows fast and follows faster," until it engulphs those who are too blind to get out of the river-bed.

THERE is a great deal of movement in the Republican party in certain quarters to make the President's pension policy an "issue" for the future. This sentiment is almost entirely confined to the strongest Republican states, and gains most heed in such states in the West. In the close states, and for the most part in the east, such action is scouted as rank nonsense. The Republicans of New York, New Jersey, Connecticut, Pennsylvania, and Indiana, know the have to find a real and a live "issue" on which to go before the people. In such states something more than a party "fetich" has to be discovered to hold the wavering voter to his allegiance. In such states where sham pretenses are of no avail Republicans do not hesitate to say: "O, well in Iowa, the party has to have a platform. It matters little what it is made of. One thing is as good as another. The 'pension policy,' therefore, does as well as anything else. It is only a password anyway." It is a known fact that Cleveland's "pension policy" is not opposition to the honest claims of worthy soldiers, but an attempt to check a great abuse, by which men who were never in the army, or if they were are not now suffering disability, or if so suffering it is for some ailment contracted outside their days of service. This knowledge makes the password very innocuous where used and calls for its disuetude where something of moment is needed.

AMONG the very popular nominations made by the Democratic State Convention none was more so than that of J. D. Spencer, of Stanislaus, who is named to be Clerk of the Supreme Court of the State. Mr. Spencer was born in West Virginia, near Parkersburg, in 1839. While very young his parents moved to Missouri, where they remained until 1849, when they crossed the plains early in that year. Mr. Spencer received his education in the public schools, and has been for twenty-one years a printer, publisher and editor. During the past eighteen years he has been editor and proprietor of the Stanislaus *News*. In 1879 he was elected to the Assembly, and to the State Senate in 1882 from Mariposa, Merced and Stanislaus. He was re-elected to the same position in 1884, and resigned on the 6th of last January to accept his present position, to fill the unexpired term of J. W. McCarthy, as Clerk of the Supreme Court. For fourteen years he was a member of the State Committee, and for sixteen years was Chairman of the County Committee. During the early days of California Mr. Spencer was engaged in mining. In 1867 he was on the Democratic ticket as candidate for the Assembly from San Joaquin county, and although he led his ticket by three hundred votes he was defeated by a small majority. The nomination tendered him now is the fifth which he has received at the hands of the Democratic party, and every time by acclamation. Mr. Spencer is an active politician, and will work like a beaver for the whole ticket until the sun goes down on election night.

This seems to be a good year for newspaper men on the Democratic ticket. The head of the ticket has been a printer, publisher and editor in his day. The Congressman for this district has been a newspaper man nearly all his life. The public service cannot suffer by placing such men in public office. They are intelligent about public affairs and cannot be lacking in force of character if successful men in their arduous profession, as all these men are. Spencer will certainly get the whip hand of Orr in the race, who the Republican papers say is suffering from some "peculiar difficulties" even in his own home.

THIS city as at present districted for voting purposes is a great injustice to the voters dwelling within its gates. While the city has doubled and quadrupled in population, there has been made no adequate provision for the increased numbers of citizens depositing their votes. In New York city, after long experience, it has been found that about 250 votes are as many as can be deposited in any one precinct with ease and comfort to the voter, and without the inevitable result of overtaxing the election officers in taking and then in counting the vote.

There is more than a lack of ease and comfort to the voter in Los Angeles under the present system. There is a practical disfranchisement of a considerable portion of the electors of the municipality. So large is the vote in some half dozen precincts that in any election which calls out the full force of the population, it is a physical impossibility to get all the vote in. All day long we see great lines of voters stretching far out into the streets. The citizen has to stand far too great a time to get to the ballot-box. If he be aged, ill or otherwise feeble, the effort is a severe tax on his strength. Many times he prefers to stay away and lose his privilege as a citizen rather than endanger his health by such an ordeal. This is practically true in very warm weather, and in Los Angeles a very warm day may be encountered at any season of the year. Then at closing time there are often seen a very large number of voters shut out at the last moment.

The hardship here outlined falls for the most part upon the busy portion of our professional men and merchants, and most of all on the mechanics and laborers in each precinct. These classes form the very backbone and the main moral worth of all political parties. Theirs is the first convenience to consider. The clerks, artisans and laborers of the community cannot devote the day to the business of depositing their vote. These must do this duty as they go to their work in the morning, at the scant noon-time intermission, or as they return to their homes at night. To bar these honest citizens from their right of exercising the franchise is a most unrighteous injustice. All due provision should be made to prevent a single voter from being deprived of this privilege, which the constitution claims to be inalienable. No good citizen can see with complacency a long line of the sturdy working men of the country turn away from the polls each with the door shut in his face and his ballot remaining in his honest hand, which ticket should be in the ballot-box.

By all means let this wrong be rectified. The Board of Supervisors is now in session. It is their duty to provide proper voting facilities for the people. Will these gentlemen attend to this duty? Will they to-day attend to it? If it cannot be done to-day will they do it to-morrow? At the latest will they see to it that it is done before the Board adjourns from its present sitting? Later than that will be too late. The members who represent the city are specially charged to do this for their constituents.

The November election will be one of great and peculiar interest. The contest between the two tickets both for state and county officers will be earnest. A large vote will be offered. It will be a great injustice to the electors if it is barred from being polled. Then there is the "Bond" question. It will take a two-thirds vote to pass that measure. There should be the fullest possible expression of preference on the part of the taxpayers and people allowed. This is of more than ordinary significance so far as the city vote goes.

To accomplish the purpose outlined the city should be divided into not less than fifteen voting precincts. In this division due attention should be given to the population, the area and the street car facilities of the city at present and as the immediate future points to their being.

Serious Danger.

Threatens every man, women or child living in a region of country where fever and ague is prevalent, since the germs of malarial disease are inhaled from the air and are swallowed from the water of such a region. As a means of fortifying and acclimating the system so as to be able to resist the malarial poison, Hostetter's Stomach Bitters is incomparably the best and the most popular. Irregularities of the stomach, liver and bowels encourage malaria; but these are speedily rectified by the Bitters. The functions of digestion and secretion are assisted by its use, and a vigorous as well as regular condition and physic are thus defended against the inroads of malaria by this matchless preventative, which is also a thorough and certain remedy in the worst cases of intermittent and remittent fevers.

A Pretty Woman's Secret.

Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the waning of her charms are the ones most likely to make the discovery. But there is no reason why she should not regain and retain all the beauty of hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and, not only will her hair cease to fall out, but a new growth will appear where the scalp has been denuded; and locks that are turning gray, or have actually grown white, will return to their pristine freshness and brilliance of color. AYER'S HAIR VIGOR cures

Hereditary Baldness.

GEORGE MAYER, *Flatonia, Texas*, was bald at 23 years of age, as his ancestors had been for several generations. One bottle of HAIR VIGOR started a growth of soft, downy hair all over his scalp, which soon became thick, long, and vigorous.

Ayer's Hair Vigor

is *not a dye*, but, by healthful stimulation of the roots and color glands, speedily restores to its original color hair that is

Turning Gray.

MRS. CATHERINE DEAMER, *Point of Rocks, Md.*, had her hair suddenly blanched by fright, during the late civil war. AYER'S HAIR VIGOR restored it to its natural color, and made it softer, glossier, and more abundant than it had been before.

Scalp Diseases

Which cause dryness, brittleness, and falling of the hair, dandruff, itching, and annoying sores, are all quickly cured by AYER'S HAIR VIGOR. It cured HERBERT BOYD, *Minneapolis, Minn.*, of intolerable **Itching of the Scalp**; J. N. CARTER, JR., *Occoquan, Va.*, of **Scald Head**; MRS. D. V. S. LOVELACE, *Lovelaceville, Ky.*, of **Tetter Sores**; MISS BESSIE H. BEDLOE, *Burlington, Vt.*, of **Scalp Disease** and **Dandruff**. Torpidity of the roots of the hair, which, if neglected, may result in incurable baldness, is readily cured by AYER'S HAIR VIGOR. As

Attention, Everybody!

A fine opportunity is offered for investment. I now offer for sale the entire property at Lang's Station, on S. P. R. R., forty-three miles from Los Angeles city, north, in Los Angeles county, consisting of the following: 240 acres of fine land with abundance of water to irrigate every foot every day of the year—never fails. Fountain head on the land and is located on the highest ground at the head of the ranch, where it can run in ditches all over the property, which it is doing at the present time, and besides this water there is about ten fine white sulphur springs on the place, admitted by every test to be the finest on the Coast. About twenty-five acres of bearing orchards, all kinds of fruits: one orchard thirteen years old. Everything very healthy. Never any scale bug known in this section. Vineyards, flower gardens, fine two story hotel only two years built, neatly finished throughout. Depot, postoffice, express and ticket offices here at hotel door. Schools convenient. No fogs. Altitude 1820 feet. Title to land, water and everything perfect. Am not particular about full payment down, as the property is good security. This is no doubt the finest opportunity in the State for establishing a large, paying and attractive health resort, the sulphur springs being in beautiful groves of very large growth, completely shading them. These springs boil up in plain sight, clear and sparkling as a diamond, beautiful to drink. During my sixteen years' residence right here at these springs, I have yet to find the first one coming here with asthma, dyspepsia, coughs, chills, liver complaints—almost anything not seated consumption—but left here entirely cured. I believe this the healthiest spot the sun shines on. Were I 25 years younger this property could not be bought for twice the amount I will take now, which is $25,000. Age demands of me retirement from an active business life, hence for the first time I offer to sell. Now let no one think this is a speculation on my part. I have an adjoining ranch where I intend spending the balance of my life privately, on account of health, believing I will live to a greater age.

Address all communications to the proprietor.

AUCTION SALES.

C. A. SUMNER & CO.,
Real Estate Agents and Auctioneers,
OFFICE, 14 N. SPRING ST.

We will sell a select lot of Miscellaneous CITY PROPERTY AT AUCTION, **Wednesday, Sept, 22, 1886,** At 11 o'clock A. M., IN HALL, NO. 87 NORTH SPRING ST.

Centrally located cottage and lot on north side of Ducommun street, containing 4 rooms. Lot 50x100 feet, adjoining residence of C. Ducommun, Esq., on the east. This affords an opportunity to purchase a cheap house or make a small investment. The house readily rents for $10 a month, with a good prospect of a steady rise in value of lot.

Five grand building lots in Bonnie Brae tract. These beautiful lots are situated on Central avenue, in the famous Bonnie Brae tract, close to the Ninth street car line, with a magnificent view. No hills to climb. Abundance of good water, and adjoining City Park. Several fine residences are now being planned for erection on this tract.

Choice residence lot, west side of Olive, 180 feet south of Fifth street. Size, 60x165. This lot is in a very choice location, with one line of street cars passing, and another within half a block of it; is laid out with orange trees, fenced, and has also a fine cypress hedge. A splendid spot for a large residence or two sets of flats.

A good investment, No. 21 Beaudry terrace, fronting also on Buena Vista street. Two-story tenement house, contains 10 rooms, producing a monthly rental of $35. The attention of investors is particularly called to this property, as its close proximity to the new postoffice, and its elevated position, makes it a very valuable location for the erection of modern flats. Should such be built, they would readily rent, and make a very handsome and permanent return on the investment. Lot, 50x85.

Desirable property on Buena Vista street. Four lots in the Buena Vista tract, situated close to railway depot and Capitol Mills, on westerly side of Buena Vista, commanding a splendid view of East Los Angeles, Boyle Heights, and river. Street graded; water laid on. Bound to increase rapidly in value, now the Buena Vista street bridge is an assured fact.

Cheap cottage homes. Two houses Nos. 7 and 9 Garey street, lots 40x120 each, situated on west side of Garey street, 107 feet south of First. They are nice four roomed, hard-finished cottages, always in demand, and readily rented at a good figure. The new First street electric road will shortly be running, and of necessity will greatly enhance the value of these premises, so that an investment now is a certain and safe one. Will sell together or separately.

Flower st. speculation. Large lot on east side of Flower street, 252 feet north of Washington; size, 200x152, or will sell it in four subdivisions. This is a very accessible location, is within a stone's throw of two lines of street cars, in a highly popular and fast building-up neighborhood, and gives a grand chance for a safe speculation.

Hill building lot. Nice lot. 43x 121, on northwest side of Bellevue avenue, 100 feet from Pearl street, two blocks from Sisters' Hospital; a pretty place for a cottage, on high ground, within easy distance of the Plaza.

California Excels in Everything.

ABIETENE is produced from a peculiar Pine and the only place where Abietene can be produced on this continent is on the Western Slope of the Sierra Nevada's of California. It has great medical properties and combining with it other Expectorants in Abietene Cough Balsam, we guarentee it for Consumption, Bronchitis, Sore Throat, Whooping Cough, Croup, Irritation of the Throat, and trouble of the Lungs. Ask Preuss and Hance for Abietene Cough Balsam and take no other. Price 75 cents.

Lentil Soup.

Take one pound of lentils and wash them in many waters, until thoroughly clean and free from weeds. Soak all night, then add as much more water as will make 2½ quarts. When this boils add carrot, turnip, parsnip, two onions and small pinch of carbonate of soda. Boil two hours, then strain, washing all thoroughly except the skins of the lentils, season and serve. Lentil soup requires no meat, but a small piece of butter mixed with flour is an improvement, and serves to bind the soup together instead of separating into thick and thin.

Fryer's Abietene Ointment.

Fryer's Abietene is produced in the northern part of Butte County, Cal., and combining it with Vaseline and other therapeutic agents, we challenge the world to produce anything to equal Fryer's Abietene Ointment for old sores, ulcers, salt rheum, corns, chilblains, fever sores, chapped hands, cancers, burns, ring worms, bleeding, blind, itching and ulcered piles, and all eruptions o the skin. Price 25 cents. Sold by C. F. Heinzeman.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by C. F. Heinzeman.

Beef Stew.

Cut underdone roast beef or steak into inch-long pieces. Have ready in a saucepan a cupful of skimmed gravy or broth, a quarter onion, minced very fine, a teaspoonful of minced parsley, a pinch of mace and a tablespoonful chopped cucumber pickle. Let it come to a boil, season well, thicken with a tablespoonful of browned flour, put in the meat and set in boiling water, closely covered, at the side of the range, for twenty minutes. If the meat be tough, chop it instead of cutting it up, then proceed as directed. Serve hot.

The Original

Abietine Ointment is put up in two ounce tin boxes, and is an absolute cure for old sores, ulcers, burns, wounds, salt rheum, fever sores, chapped hands and all skin eruptions. Will positively cure all kinds of piles. Ask for the Original Abietine Ointment, in two ounce boxes. Price 25 cents. For sale by Preuss & Hance, Druggists, 77 and 79 N. Spring street.

A Blessing to the Human Race.

Abietene which can only be produced in the Golden State is destined to become one of her chief products and be as much of a blessing to the world as her wheat fields. Abietene has great healing and purifying properties, and by incorporating it with Abietene Cough Balsam, as we have, it makes a cough remedy that has no equal. And there is nothing that will heal the lungs so rapidly and cure all throat and lung troubles so thoroughly. It contains no opium. Price 75 cents. Sold by C. F. Heinzeman.

Chili Sauce.

Peel one-half bushel ripe tomatoes, 18 large red peppers and four onions. Chop all these fine. After chopping, squeeze out with the hands from their water, throwing the water away. Add to them four quarts best cider vinegar, two cups sugar, eight tablespoonfuls salt, four tablespoonfuls each ground ginger, cloves, alspice and cinnamon; also two tablespoonfuls ground mustard. Boil all together for two hours, then put into glass jars. Large, plump red peppers are much less sharp than the long, slender variety; so if the latter are used, not over six or eight are required.

Miraculous Escape.

W. W. Reed, druggist, of Winchester, Ind., writes: "One of my customers, Mrs. Louisa Pyke, Bartonia, Randolph Co., Ind., was a long sufferer of Consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began buying it of me. In six months' time she walked to this city, a distance of six miles, and is now so much improved that she has quit using it. She feels she owes her life to it."

Trial bottle free at C. F. Heinzeman's Drug Store.

LEGAL.

Proclamation.

STATE OF CALIFORNIA,
EXECUTIVE DEPARTMENT,
SACRAMENTO, July 31, 1886.

WHEREAS, THE LEGISLATURE OF THE State of California at its Twenty-sixth Session, beginning on the fifth day of January, A. D. eighteen hundred and eighty-five, two-thirds of all the members elected to each of the two Houses of said Legislature voting in favor thereof, proposed the following amendment of Sections One, Eight, Ten and Eleven of Article Thirteen, of the Constitution of the State of California:

AMENDMENT NUMBER ONE.

SECTION 1. All property in the State, except railroads, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law. The word property, as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises and all other matters and things, real, personal and mixed, capable of private ownership; *provided*, that growing crops, property used exclusively for public schools, and such as may belong to the United States, this State, or any county or municipal corporation within this State, shall be exempt from taxation. Growing vines and fruit trees shall be deemed to be and shall be assessed and taxed as a part of the realty; and, *provided further*, that railroads shall be taxed as provided in Section Ten of this article; and, *provided further*, that the Legislature may provide for the exemption from taxation of ships and vessels owned and registered or enrolled in this State, or may tax such ships and vessels on their gross or net earnings, in lieu of an ad valorem tax. The Legislature may also provide, except in case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this State. Double taxation in any form is prohibited.

SEC. 8. The Legislature shall, by law, require each taxpayer in this State to make and deliver to the County Assessor, annually, a statement under oath, setting forth specifically all property, real and personal except railroad property, as defined in Section Ten of this article, owned by such taxpayer, or in his possession or under his control, at twelve o'clock, meridian, on the first Monday in March.

SEC. 10. All property, except railroad property, as hereinafter provided, shall be assessed in the county, city, city and county, town, township, or district in which it is situated, in the manner provided by law. Every corporation and person owning or operating a railroad, or any portion thereof, in this State, shall, on or before the first day of July of each year, pay to the State Treasurer an annual tax of two and a half per cent. upon the gross earnings, earned within this State, of such railroad, for the year ending upon the thirty-first day of December next preceding, which tax shall be in lieu of all other State and county taxes upon the franchise, business, right of way, roadway, roadbed, rails, rolling stock, fences, stations and their appurtenances, and upon ferryboats when operated as a part of such railroad, and upon the shares of the capital stock, and upon the mortgages, deeds of trust, contracts or other obligations by which a debt is secured upon such property. All other property belonging to such corporation or person shall be assessed and taxed as other property is assessed and taxed. The gross annual earnings earned during the year ending on the thirty-first day of December last preceding, of all railroads, shall be, annually, before the first day of May thereafter, ascertained and declared by the State Board of Equalization, under such rules and regulations as may be prescribed by said Board; *provided*, however, that the Legislature may at any time pass laws prescribing said rules and regulations. In all cases where railroads are situated partly within this State and partly without this State the gross annual earnings thereof shall be ascertained and determined by taking:

First—The gross earnings which, during the year last preceding, have been earned wholly within this State.

Second—The gross earnings which, during the same year, have been earned partly within this State and partly without this State, which shall be ascertained by apportioning such earnings between this State and other States or Territories, in the proportion which the number of miles of such railroad situated in this State and used in making such earnings bears to the whole number of miles thereof by the use of which such earnings have been made. The proportion of interstate earnings thus ascertained shall be added to the earnings made wholly within the State, and the total thus obtained shall be taken and deemed to be the gross earnings of such railroads for all purposes of assessment and taxation. For every purpose of this section, except for the purpose of ascertaining the proportion of interstate earnings to be added to the earnings made wholly within this State, all railroads operated as one system shall be treated as one road. One third of the tax paid by corporations or persons owning or operating railroads under the provisions of this section shall become part of the General Fund of this State, and two thirds thereof shall be paid to the county or counties in which said railroad is situated, in proportion to the length of the railroad operated in the several counties. For the purposes of this section a consolidated city and county shall be treated as a county. Any corporation, association, partnership, person, or persons, unlawfully failing or refusing to pay the tax herein provided, when the same shall become due, or within thirty days thereafter, shall be deemed to have waived their right to operate their railroads within this State. The taxes herein provided, together with such penalties as the Legislature may impose for the non-payment thereof shall be a lien upon the property hereinbefore in this section designated, and may be enforced in such manner as the Legislature may by law prescribe. All railroads, so far as the same are situated within the boundaries of the common school district, shall be subject to an ad valorem tax for school purposes voted by the electors of the district at a special election held for that purpose, the same as other property situated within the district, anything in this article to the contrary notwithstanding. And all railroads, so far as they are situated within the boundaries of any incorporated city or town shall be subject to an ad valorem tax for municipal purposes the same as other property situated therein, anything in this article to the contrary notwithstanding.

SEC. 11. Income taxes may be assessed and collected from persons, corporations, joint-stock associations or companies, resident or doing business in this State, or any one or more of them, in such cases and amounts, and in such manner as shall be prescribed by law. No Court within this State shall have power, by injunction or otherwise, to interfere with, hinder, or delay the collection of any tax laid under the form of law, except upon a showing that the same property has been taxed more than once for the same purpose in the same year; and then only upon payment to the Tax Collector, or into Court, of a sum equal to the amount of one of the taxes so laid upon the property in question: *provided*, that in all cases actions may be maintained against the Tax Collector to recover illegal taxes paid under protest. All such actions must be commenced within thirty days after such illegal taxes have been paid. It shall be the duty of the Court in which such actions may be brought to try them, upon the request of either party, in advance of all other civil actions, and such taxes so paid under protest shall be retained by the Tax Collector, or such other officer as the Legislature may designate, until such actions shall have been finally decided.

SCHEDULE.

Nothing in this amendment shall affect any assessment or tax heretofore made or levied, or interest thereon, or any penalty heretofore incurred, or any action or right of action on account of any such assessment, tax, interest or penalty; and all laws in force at the adoption of this amendment, not inconsistent therewith, shall remain in full force and effect until altered or repealed by the Legislature. The first levy and payment of taxes against railroad property hereunder, shall be made in the year eighteen hundred and eighty-six, to be made upon the gross earnings, to be ascertained as herein provided, for the entire year of eighteen hundred and eighty five. Taxation for the fiscal year ending June thirtieth, eighteen hundred and eighty-five is not affected by this amendment.

NOW, THEREFORE, pursuant to the provisions of the Constitution and an Act of the Legislature, entitled "An Act to Provide for the Submission of Proposed Amendments to the Constitution of the State of California to the Qualified Electors for their Approval, approved March 7th, A. D. 1883," the said amendment is submitted to be voted upon, by ballot, by the qualified electors of the State on

Tuesday, November 2, 1886.

The amendment is designated "Amendment Number One," and the BALLOTS used at such election must contain the words, "FOR THE AMENDMENT Number One," and the words, "AGAINST THE AMENDMENT Number One," written or printed hereon.

And I do hereby offer a reward of one hundred dollars for the arrest and conviction of any and every person violating any of the provisions of Title IV, Part 1, of the Penal Code; such rewards to be paid until the total amount expended hereafter for the purpose reaches the sum of ten thousand dollars.

Witness my hand and the Great Seal of the State, the day and year first written.

[SEAL] GEORGE STONEMAN, Governor.

Attest: T. L. THOMPSON, Secretary of State.

How Regarded by a Prominent Physician.

"No other remedy within my knowledge can fill its place. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the liver to action and at the same time aid (instead of weakening) the digestive powers of the system.—L. M. HINTON, M. D., Washington, Ark."

A BRUTAL HIGHWAY ROBBER

Knocks his Victim Over the Head Before Taking His Coin.

A Belgian woodcutter by the name of Emile Van Damme, came in to the city on Tuesday from Pasadena and drank rather too much beer during the day. At night he went to the Club Theater, where he remained until after the conclusion of the performance. After leaving the show he proceeded up Main street, where he was suddenly struck with a blunt instrument across the face and rendered insensible. Whilst in that condition, lying on the ground, his assailant went through his pockets and relieved him of $8 or $10 in change. Van Damme was found in the street, still insensible, by Officer Reel at 2 o'clock yesterday morning. His face was a mass of coagulated blood and the extent of his injuries could not be ascertained until medical assistance was called in at the police office. The wounded man was sent to the County Hospital, yesterday afternoon his face covered with contusions, both his eyes closed and his nose broken. Constable Alfredo Arguello was given the case to work up, and succeeded in arresting one Manuel Lopez yesterday afternoon, whom he charged with an assault with a deadly weapon. This Lopez is a Mexican who was sent up from Los Angeles for embezzlement to the penitentiary at San Quentin two years ago and who was released from there on the 2d of August last.

"Blood-food" is the suggestive name often given to Ayer's Sarsaparilla, because of its blood-enriching qualities.

Pertinent Questions.

EDITOR HERALD:—What does the Democratic party of this county intend to do in the approaching canvass? We have nominated a popular and unexceptionable State ticket. Our county convention will soon assemble. Are we organized or organizing? Do our leaders mean to win, or are we to have a mere milk and cider affair?

If our county committee wishes to exert an influence upon the politics of this county it had better "be up and doing." Should it conclude to remain dormant, inactive and inefficient, could not some measures be taken to set our friends to work throughout the county and make at least a creditable fight? We can win if we *mean to win*. If we don't intend to win let us say so. We have dallied too long already; yet there is time enough to recover our lost ground. Our opponents are making grave mistakes in the selection of men and measures. Will we let the opportunity slip? Our friends throughout the State are actively at work in good heart, with sails well trimmed, and confident of victory. We will win the Congressional race, and there is now a good chance to secure at least one-half of our State Representatives, the District Attorneyship, and at least more than one-half of the other county offices.

Let us wake up! Now is the time! Next month will be too late.

Los Angeles, September 22, 1886.

The tenacity with which people abide by their early faith in Ayer's Sarsaparilla can only be explained by the fact that it is the best blood medicine ever used and is not approached in excellence by any new candidate for public favor.

Death of a Pioneer.

François V. Chevallier died yesterday forenoon at his residence, 27 Fourth street, at the age of 56, after having been ill a considerable time from a disease of the lungs. Mr. Chevallier, who was a native of France, came to the United States a great number of years ago, and after having resided a long time in San Francisco, came to Los Angeles about twelve years ago and opened a drug store. Later he resided in Arizona and Sonora, but returned here a little over two years ago, suffering from the disease which carried him off. He leaves a wife and four children. His funeral will take place to-day from his late residence at 4 P. M.

For the cure of pain St. Jacobs Oil is unsurpassed. The world says so.

The Baynton Murders.

Dr. T. J. McCarty, of Sixth and Olive streets, reported the condition of Nettie Kipp as very satisfactory yesterday, though she is not yet out of danger. Great credit is due to Mrs. Martin, of 613 South Olive street, in having induced the murderer Baynton to deed his property over to his infant children. Mrs. Martin is a countrywoman and an old acquaintance of Baynton and his murdered wife, and at her earnest solicitation he made the deed and had it recorded. A. G. Baynton will be examined this morning by Justice Austin on the charge of having murdered J. B. Kipp.

PUT UP GOOD MEN.

The Republicans closed the work of their county convention last night. The names of their nominees will be found in the HERALD this morning. Intelligent Democrats will be able to pick out by the light of their own brains a good many mistakes there made. Let the Democratic convention improve on the work of their esteemed brethren by putting up a much better ticket. The "Wingless Victory" of ancient Athens has perched on the Democratic banners at the National capital. That means victory has come there to stay. This influence is felt all over the land. Let no Democrat despair of recapturing the prize of office from the best man on the opposite ticket. The State ticket is very strong. It is going to be victorious. Put up a good county ticket and both will go through.

UNIVERSITY OPENING.

The New Edifice Inaugurated for Educational Purposes.

The beautiful and commodious new brick edifice of the University of Southern California, the finest educational building in this part of the State, was yesterday opened for educational purposes.

The new building is about 100x100 feet. It has three stories, basement and attic, clock-tower and observatory. The basement is part stone to the top of the ground, and the walls from this point are brick. The building is massive in strength and classic in proportions. The great round arch enclosing the triple window of the chapel and the recurved arches over the entrance give character to the facade, while the position and slope of the windows in the library and art-room give truthful expression of the motive of the structure. No money or thought has been wasted on useless detail, but the design throughout shows the real character of an institution which shuns the vanity of ostentatious display and seeks only the truth.

The first floor above the basement is sixteen feet, and contains a chapel, seated in amphitheater style, to accommodate 500 persons. The library, situated on the opposite side of the hall from the chapel, is well lighted and will contain 6000 volumes. The reading room, the President's office, lecture room, ladies' study and the proper hat and cloak rooms are on this floor. There are two stairways, which extend from the basement to the top story; they are of easy grade with numerous broad landings.

The second story contains the principal recitation rooms. All these open into a grand lobby in the center, where students may pass to their recitations without crowding through narrow halls. The third story is occupied by two large society halls, museum, art studio, photographic room, libraries for the societies and music rooms. The basement is only three feet under the ground and nine above, so that it is well lighted, and in many particulars very desirable. Here are the physical lecture room, chemical laboratory, furnace rooms, janitor's apartments, lavatory and toilet rooms. A dumb-waiter will run from the top to the bottom, so that pianos and other heavy articles may be easily moved from one story to another. The clock-tower is one hundred and sixteen feet high, with four faces, and clears all the surrounding buildings. The principal halls are sixteen feet, with ten-foot side halls. The building is situated in about the middle of the campus, north and south, facing Wesley avenue. Altogether, it is about eight times as large as the present building.

The inaugural exercises were opened by singing the long meter doxology, followed by reading the scriptures by Mr. Blanchard, singing, and prayer by Elder A. M. Hough.

A short and eloquent address by His Honor, Mayor Spence, was then delivered in his most genial manner.

Elder R. W. C. Farnsworth made a brief and cheering speech, and was followed by Dr. J. P. Widney in a scholarly and only too short address.

Dr. Thompson also made some remarks, after which a hymn was sung.

Bishop Warren then delivered a most fervent and eloquent address that surpassed all his previous efforts in this part of the State. His speech was received with great favor and applause. The benediction was then pronounced, and the large audience dispersed in the most hopeful and cheerful spirits.

CATARRH.

The term Catarrh is applied to a peculiar disorder of the nostrils and adjacent parts, which prevails to an alarming extent, and is productive of very serious consequences.

The most prominent and characteristic feature is a morbid discharge from the head, varying in its nature at different times.

In some there is an almost constant flow of clear, acrid fluid, but oftener an offensive, purulent or muco purulent, greenish yellow matter is secreted, which accumulates in the nostrils or drops into the throat, necessitating its frequent removal by blowing the nose or expectoration, and often by both processes. Sometimes patients feel as though their whole head was in a state of rottenness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dropping into the throat of the morbid matter from the head, and as a recumbent position naturally favors the flow downward, his rest is frequently disturbed from this cause. Many sufferers are obliged to lie with the head very much elevated in order to sleep with some degree of comfort.

In others, a tough, viscid and offensive phlegm collects behind and above the soft palate, in the passage between the throat and head, adhering to the parts with gluish tenacity. Its lodgment embarasses respiration and creates a sensation of irritation and uneasiness in the affected locality, which gives rise to a constant and almost irresistible desire to relive the discomfort by drawing the mucus into the throat so as to eject it by the mouth. This practice, popularly known as "hawking," is characteristic of catarrh, and proves as embarassing to the one affected as it is disagreeble to those around him.

Again the offensive matter hardens and deposits itself on the membrane in the shape of dry, hard concretions, which are discharged by way of the nostrils or throat in lumps or fragments of a deep green tint. In some cases these incrustations accumulate to such an extent as to form a regular plug in the nose, which obstructs breathing and produces serious discomfort. So firmly do these incrustations adhere to the point of attachment that their removal usually requires the most violent efforts; not unfrequently they have to be torn from the membrane. Occasionally a solid cast of notable size is expelled, on which there are generally traces of blood, but in some cases the cast presents a tubular appearance, being of exact shape of the nasal cavity. This condition is indicative of ulceration, which, in time may destroy the bony structure of the nose and produce a subsequent flattening of that organ.

Cases are occasionally met with in which a thick, viscid, slimy secretion coats the membrane of the nasal cavities and then putrefies, giving rise to a stench which is really overpowering, and sufficiently fetid to poison the atmosphere of a whole room, and there are otheas in which all the secretions of the membrane are suspended, causing an unpleasant feeling of dryness, heat and feverishness in the head and nose—a condition popularly known as "Dry Catarrh."

The disease speedily extends to the air cavities of the bones of the forehead and face, giving rise to a distressing sensation of heavy weight or compression over the forehead, especially in the region above and between the eyes, and to a feeling of fullness, heat, irritation, soreness or pain in the nostrils near the root of the nose, as well as in the upper part of the throat, above and behind the soft palate. Sometimes there is pain obstinately fixed in some particular part, as in the temples, on the top of the head, at the back of the neck, or behind the orbids, and, occasionally, pain manifests itself in the face of so severe a character that it is frequently mistaken for neuralgia.

The breath is always tainted and at times assumes an exceeding fetid and sickening odor. In some cases it becomes so revoltingly offensive as to render the sufferer an object of disgust to himself as well as to others.

The nasal membrane is thickened and congested, causing the nose to be stopped up, sometimes on one side, sometimes on the other, and often on both, giving rise to a disagreeable stuffy sensation in the head, and occasioning to violent and prolonged paroxysms of sneezing.

The voice is weak, indistinct and husky, or of a nasal character, displaying a sort of sniffing buality. Oftentimes there is a continuous hoarseness and discordance. There is also a sense of irritation in the throat, and frequent attempts to clear the parts of phlegm, producing the sound "hem" more or less forcibly. In some cases patients complain of an uncomfortable feeling of fulness, or a choky sensation in the throat, and in others of a distressing and almost constant dryness, for the temporary relief of which they have to swallow frequently. Others, again, speak of a constant bad or nauseous taste in the month or throat.

The stomach generally suffers more or less and become weak and irritable; the appetite is capricious and nearly always bad in the morning. The patient is languid, unable to perform mental or physical labor with the usual facility, is nervous, depressed in spirits, at times fearful, timid, agitated and inclined to drowsiness and sleep; the memory weakened and permanent impairment seriously threatened.

The mucous membrane soon becomes morbidly sensitive to unfavorable influences, and in spite of the utmost care becomes affected from the slightest causes, so that at last a breath of wind upon the lining of the nose or throat becomes productive of a cold, and gives rise to serious disturbances of the respiratory organs. Thus the patient is subject to frequent and repeated colds, each attack aggravating the disease by giving it a new impulse and involving a larger extent of surface than its predecessor. In this manner the difficulty spreads from organ to organ, invading the throat larynx, trachea and bronchial tubes until, encroaching further and further, it reaches the finer ramifications of the bronchi, when but a slight impulse is required to send it to the lungs. Catarrh may, and often does, affect other organs in the body, especially those containing a mucous membrane, such as the stomach, bowels, kidneys, etc.

Thus catarrh becomes the starting point of consumptive development, the disease being eventually transmitted to the lungs, both by nervous connection and continuity of surface.

So frequently has this fatal course been noticed that all those who are thoroughly conversant with the subject now look upon catarrh as a premonition and one of the very earliest manifestations of consumption.

Every case of catarrh is curable if properly treated.

DR. W. N. DAVIS

Continues to treat at his office, 45½ N. Spring street, diseases of women and all chronic diseases.

Catarrh, Consumption, Asthma and Bronchitis treated with Medical Inhalations.

The cut below shows the bacilli or parasites which cause catarrh, magnified 480 times.

The Doctor devotes his treatment to the destruction of these by means of local remedies, which can be applied by the patient at home, without pain, inconvenience or detention from business. Constitutional remedies are employed in most cases to purify the blood, regulate the liver and build up the general system.

The best apparatus in the country is used to apply medicines directly to the sores or seat of inflammation at the office when necessary.

If patients can come regularly to office for treatment cases of forty years standing can in nearly every case be cured permanently.

Children can be treated with no trouble, and never yet has the doctor failed in a child where remedies have been used as directed.

The following testimonials of persons well known in Los Angeles will show the rapidity with which the disease can be cured:

ART STUDIO, 211 S. Bunker Hill Avenue,
Los Angeles, May 25, 1886.

DR. W. N. DAVIS—Dear Sir: I am happy to inform you that your remedies have cured that terrible obstinate catarrh of the back part of the nostrils and throat, from which I suffered so much. It does not trouble me at all now and I have only taken your teatment about two months and a half.
Yours, gratefully, M. S. FISH.

This is to certify that I am a regularly qualified physician, but not practicing, and have always believed catarrh of chronic nasal variety to be an incurable affliction, but hearing of Dr. W. N. Davis' "New Treatment" and his success, I applied to him for medicine, and determined to try it in the case of one of my friends, and did so with the most satisfactory results, as improvement was immediate, and one precription effected a cure. The case was of years' standing and of a very severe type. I can recommend Dr. Davis to those similarly effected. S. HALEY, M. D.
Los Angeles, August 1, 1885.

January 2, 1886, Dr. Haley testifies that the case he treated five months ago is still a cure. Dr. Haley is now practicing law at 45½ N. Spring street.

This is to certify that I was troubled with catarrh of the dry variety for about five years, since three years before I came to California, and in one month I feel that I have been entirely cured by your remedies.

The Hubbard Tract

Is by all odds the cheapest and most desirable Tract on the market for the money. You can have fine large lots for only $175 upwards, and each lot is covered with choice bearing grape vines, the streets lined with pepper trees and graded. This property is advancing in value every day, and all we would ask of you is to examine it before you purchase elsewhere. We wish to give you bargains, and you will be convinced of it. You have heard that Los Angeles is growing southwest, and such is most assuredly the case. Look into the matter and you will find this tract is being surrounded by our city. The soil is perfect, water pure, and the neighborhood as charming as a picture, and from this point you have the finest view of the mountains to be obtained in the county; and most every summer day, commencing about 11 A. M., a refreshing breeze. Just think, you can get lots here for only $4 per front foot. You can have them for $30 cash and installments of $10 per month without interest. The tract is a few minutes walk from the Electric Road on Pico street, or the proposed one on Adams street, or the horse car line to be built on Washington street, and you have good schools and churches, etc., near at hand. I am in from 9 to 12 A. M., and will take you out with pleasure at 2 P. M.

CHAS. VICTOR HALL,

The Hardin Tract.

This fine piece of land is a delightful spot for a home. You will find it almost next to where lots are selling for $200 each, which is the best recommendation for these that I could call your attention to. Here you can have a lot for $225 and upwards, with trees, vines, etc. You will have to call early, for the prices are so reasonable that we will not have enough to go around. The street will be graded and lined with pepper trees and plank sidewalks added. Do not purchase anywhere a lot before you see these, if you wish a live bargain. They speak for themselves. Always in from 9 to 12 A. M., and will take you out with pleasure at 2 P. M.

CHAS. VICTOR HALL,

Our New Railroads.

Work is in active progress at last on the Coast branch of the S. P. Railway between Newhall and Ventura. There are several hundred men grading from the former point down the Newhall Bros' ranch towards the headwaters of the Santa Clara. This force will be increased at once to 2000 men. By the end of the year the ocean will be reached at the progressive seaport of Ventura.

The C. S. Railway branch from Colton via Arlington to Anaheim is also going forward. There are some 300 men at work in the cañon, grading the roadbed. No iron has yet been laid, and it is impossible to unearth the future plans for this road. It will head for this city from Anaheim, but whether or not a branch will go down from there to tide water at San Pedro, or at Santa Monica, is like Lord Dundreary's conundrum. It is just as likely not to do so as to do so. Before many moons wane work will be begun on the road from this city to Santa Monica. In a new country like this, an hour's time is not much in crossing the continent. Between Chicago and New York a road that can save an hour in time gets all the travel and traffic. Not so here. So it is just as like as not that the C. S. Co. may decide to run from San Bernardino via Arlington, Anaheim and Los Angeles to tide water at Santa Monica. This is a thing no "fellah can find out, you know."

The L. A. and S. G. V. Railroad are now operating their road to Santa Anita, station by E. J. Baldwin's home place. The track is laid to Monrovia, and the road will be operated to that point in a few days. The bed is graded to the San Gabriel river crossing, beyond the Duarte. There are two carloads of iron a day now arriving for this road. There has been a delay for ties, owing to the recent strike among the sailors at San Francisco. The same cause has kept back the bridge timbers for the crossing of the San Gabriel. This material has been aboard ship in San Francisco bay for several days past, but no crew could be procured to run the vessel. The strike is now at an end, and the stuff will come on at once. The river will be crossed before the winter rains come down to make such impossible. From there the road will be pushed right along through the Azusa.

The projectors of the new line to start from the Half-Way House, between here and San Gabriel, run by the Raymond Hotel, Oak Knoll, San Marino, Rose's, Chapman's, Baldwin's, cross the S. G. V. track at Monrovia, thence hug the foothills via Mud Springs to San Bernardino, speak in very positive terms of its going on at some day in the very near future.

Then in the early autumn days the road coming down from Carson, Nevada, to the foot of Owen's Lake, will be pushed on to a junction with the A. & P. line at Barstow. The road is the property of D. O. Mills and his associates. These gentlemen have large interests in that track of country. Owen's Lake is rich in its mineral deposits held in solution in its waters. The syndicate is now evaporating these waters for their valuable salts. A connection with Los Angeles is much desired and will be had by the middle of winter. Vast quantities of ties are on the ground, and as soon as graders can work on the desert the enterprise will be pushed. All this is good news for Angeleños. These enterprises will open up a great deal of new country and new markets. They will also scatter a great deal of coin throughout the country, and enrich all the people.

A Pioneer Delegate.

By a dispatch it will be seen that John Lang is a delegate to the Democratic County Convention, that convenes on the 28th inst. Mr. Lang has been a solitary and solid delegate from the mountains to every Democratic County Convention in this city for twenty-five years. On the trip to this city of the Democratic speakers at the recent ratification meeting they honored the venerable Democrat and themselves by a call and gladdened his heart to a superlative degree. The party consisted of Hon. Geo. R Johnson, Adam Herold, Prof. Moulder, Hon. R. F. Del Valle, Stephen M. White Esq. and Thos. B. Brown Esq. The mountain home of the old guard on the watch towers of the Soledad was made joyous by this pleasant meeting, and all renewed their covenant vows to elect the whole Democratic ticket.

A roan horse and phaeton buggy, left last night at 8:30 by a music teacher, residing on Boyle Heights, in front of a house on Pearl street, where he was giving a lesson, was taken away and the whereabouts of the team could not be ascertained.

The *Tribune* Publishing Company have rented the building at the northeast corner of Main and Requena streets, and the work of putting it in order for the reception of the paper will be commenced to-day. The location is one of the best that could possibly have been made.

Santa Barbara is to have a Savings Bank, owned by W. N. Hawley, J. H. Reddington, Hugh D. Vail, J. W. Cooper, G. W. Coffin, S. R. Weldon, J. W. Calkins and Captain Anderson of Montecito. Paul R. Wright, Esq., father of E. T. Wright, of this city, is counsel for the corporation.

The introduction from Central America of a new kind of banana that ripens in three months from the blossom, instead of eight to twelve months as some other kinds do, will cause a large planting of this most valuable fruit in the high frostless mesas. They are growing finely in Crescenta Cañada.

A brown sack coat, belonging to E. Jones of 33 South Fort street, was yesterday stolen from the rear of the Lawyer's Block, at the corner of Temple and New High streets. The pockets of the coat contained a bank pass book, a G. A. R. badge and papers valuable to the owner only.

Further particulars received from the accident at Savannah are that the victim, a Yaqui Indian boy, 6 or 7 years of age, ran out of his father's tent located within 30 feet of the track, one half a mile west of Savannah and whilst trying to lay something on the rail was struck by the cylinder of the engine and instantly killed. The inquest held by the Justice of the Peace determined that the death was accidental.

Mr. Nittinger informs the HERALD that the notice in yesterday's issue about his being called on by the Chief of Police to refund commission money to a man, was caused by the man failing to call on him and returning the contract and getting his money back. He keeps a book of contracts in duplicate and gives one contract to each man, to return his money if he does not get him a place, and keeps a duplicate himself. The man who paid the money went to the Chief instead of Nittinger to get his money. Hence the item.

Methodist Farewell Social.

A pleasant social took place at the Methodist church on Boyle Heights last night, in honor of Rev. J. A. Wachob, who has received a call to San Bernardino. A good number of churchmembers and friends of the Reverend gentleman were present and an address was made by the Reverend Mr. Hamilton, of the Baptist church, to which the Reverend Mr. Wachob feelingly responded. A collation was served to those present, and the pleasant meeting did not break up till 11 o'clock. The Reverend gentleman has been very useful in the building up of Boyle Heights church, and his people see him depart with regret. He will leave to-morrow for San Bernardino.

"What's in a Name?"

Of all the odd and unpronounceable proper names which have from time to time appeared on the records of the police court, that of a seedy vagrant who was led in to answer the charge of vagrancy yesterday is probably the worst. His Honor was in a somewhat playful mood, and he smiled grimly at the culprit as he sized him up over the rim of his spectacles.

"What is the defendant's name?" asked the Court of a bevy of officers who hovered about the bench.

The protectors of the city's peace exchanged significant glances and remained mute.

"What is his name?" stormed His Honor, addressing prosecuting attorney Kelly.

"I, — I, — that is, yer honor—its too much for me. I can't pronounce it," returned that officer, as he looked daggers, first at the written name in the complaint and then at the sad-visaged defendant at the bar.

"What is your name, sir?" interrogated the Court of the prisoner.

"John Needjueverhorr, sir," with a severe scowl at the officers.

"Ah! I see," said his honor, "you're the individual the religious poet wrote of when he inscribed the touching lines, 'I need you every hour.' And I think, John," continued the Court, "that the city will need-you-every-hour on the chain-gang for about three days. Call the next."

Wedding Party.

A wedding took place on Saturday in which Miss Louise Molle and George Duces were the happy couple, at the residence of the parents of the bride, on Washington street. The celebration was splendid, and was attended by C. H. Howland, of the Electric road, Mme. Ansel, the families Mendon, Couget and Molle, L. Schmidt, Mr. Ballade's two daughters and a great number of others. The festival was held in a large tent erected purposely for the occasion and magnificently ornamented with flowers. Wines and liquors of all kinds were partaken of by the guests, and the cuisine was prepared in the best style by Mrs. Mary Byle. The happy couple are going to San Francisco this week.

Ladies who are troubled with cramps and nervousness should drink Damiana Bitters. It is pleasant to take.

The White Scale!

I am prepared to spray orchards of from ten to 10,000 trees, at the earliest date, with my patent scale killer. I warrant it to kill the white cottony, red, black and San Jose scales, also the Woolly Aphis, without injury to the blossoms, fruit or tree. It does not drop a leaf nor the young fruit and leaves no disagreeable odor, like the whale oil. Parties desiring orchards sprayed will find it to their interest to call and see my work. Address or call 511 First street.

So constant bargains make a store well known.
Occasional bargains, like meteors flashing,
Briefly illumining, through ether dashing
Leave both their path and all the space around
In greater gloom and darkness more profound."

Complaints of trade are justly made by those who make no efforts. But why should trade be dull in a city like Los Angeles, wherein and in vicinity dwell 50,000 people whose wants must be suppled.

These Hams and Bacons are expressly selected for this market. These Hams and Bacons are selected in the East from the choicest hogs, shipped to this city in a refrigerator car weekly. They are smoked here. By our smoking here it gives our patrons full weight, fresh, clean, bright and delicious juicy Ham and Bacon.

If the public will stop to consider for a moment, they will see that our method as explained, gives them all they could wish for. Hams and Bacons that are cured and smoked in the East and then shipped to this market lose their weight, dry up and by no means possess the rich, delicious flavor of

THE LILY HAM AND THE LILY BACON.

Ask your grocer for them and take no other. Kept by all grocers in Southern California.
